

**DRAFT**

**Minutes March 3, 2008 Germany Township Planning Commission Meeting**

There was not a quorum of Planning Commission members present; therefore, there was no formal meeting.

**Members:** Dave Evans, Vice Chairman, Steve Bitzel and Mary Ann Cookerly

**Visitors:** Bill Stevens, Patty Colgan, Jack Ketterman, Ron Welty all of Germany Township, Jon Holmes, H.R.G. Engineering, Doug Barnoy, Hanover Land Services, and Robert Thaeler, Adams County Office of Planning and Development.

**Presentation**

Mr. Robert Thaeler from Adams County Office of Planning and Development gave a presentation on the status of the request for zoning in Germany Township with a draft of the Zoning Map of Germany Township. He also gave an update on the Joint Comprehensive Plan. He stated that the County Commissioners would prefer that the Joint Comprehensive Plan be approved prior to the implementation of Adams County Zoning in Germany Township.

The Planning Commission members who were present agreed individually, as this was not a formal meeting, that our priority is to have Adams County Zoning implemented prior to the approval of the Joint Comprehensive Plan as that process is still months away.

The Planning Commission members requested individually that Mr. Thaeler should convey to the County Commissioners our sense of urgency that Adams County Zoning be implemented as soon as possible in Germany Township.
